

# Never Givin' Up On Love

Michael Martin Murphey

Stars are fallin' and the moon is shinin' bright  
I can feel the teardrop in my eye  
One last kiss my darlin', remember me kind  
And always bear in mind someday we may meet again

Goodbye my love, goodbye, be glad we had the try  
I'm never, never, never, never, never, never, never, never givin' up o  
n love  
I'm never, never, never, never givin' up on love

Somewhere out in this big wide world someone is waitin'  
So I'm never, never, never, never givin' up on love  
No, I'm never, never, never, never givin' up on love

Someday my darlin' will come to me and say  
"I will love you darlin' till I die"  
We will come together and we'll know right away  
Love will ring and ring and ring like bells in the sky

Goodbye my love, goodbye, be glad we had the try  
I'm never, never, never, never, never, never, never, never givin' up o  
n love  
I'm never, never, never, never givin' up on love

Somewhere out in this big wide world someone is waitin'  
So I'm never, never, never, never givin' up on love  
No, I'm never, never, never, never givin' up on love  
Never, never, never, never givin' up on love
