

After The Rain

The Michael Schenker Group

What have you done to my life, oh dear
Leaving me here in this mess
And now you're gone
With a note on the desk
Saying some things have to pass

Say, have you been lonely?
See, that I've been only
Chasing the wind, after the rain
Seems that I've been haunted
But you always wanted
Forever yours
After the rain

I stand at the grave of my lovely rose
My shattered dreams sadly speak
Dull falls the steady rain
Broken drops in line oblique
Running down all over my cheek

Say, have you been lonely?
See, that I've been only
Chasing the wind, after the rain
Seems that I've been haunted
But you always wanted
Forever yours
After the rain

What have you done to my life, oh dear
Leaving me here in this mess

Say, have you been lonely?
See, that I've been only
Chasing the wind, after the rain
Seems that I've been haunted
But you always wanted
Forever yours
After the rain...
