

# Are You Ready To Rock?

The Michael Schenker Group

You know the sound, you got the feeling,  
You know there's no going back  
It's all you see, all you believe  
You must have that sound  
You gotta rock, and get down  
Some crazy dreams, make your head spin round  
Let's rock and get down  
You heard the word, now it's all over town  
Out in the streets, the kids stand and wait their time  
Tell me how do you feel, do you wanna rock tonight  
Are you ready, are you ready to rock  
Tell me you're ready, tell me you're ready to rock!  
There's no mistake, no denying  
We're just one of a kind, there's no conceit  
Seems like we're all black sheep  
Abiding our time, you wanna rock and get down  
Love that sound, makes our heads, Spin round and round  
Let's rock and get down  
I said the word, now gather around!  
Out in the streets, the lights hit nameless crowd  
Black n'silver mystique  
Beam on a face with grace, and shout out  
Are you ready are you ready to rock  
Tell me you're ready, tell me you're ready to rock!
