

Come On Over

The Michael Schenker Group

Have you heard about the rumour?
There's a new kid in town
At the bus stop waiting
For what is coming around

What is your mission contemplating?
And do you feel alone?
I say down, down if you're hitting this town
Don't you turn around

Come on over, tell no lies
Come and tell it, no alibis

What's the secret you're hidin'?
I can feel your blues
All the feelings you're fighting
Guess you paid your dues

What is your mission contemplating?
And do you feel alone?
I say down, down if you're hitting this town
Don't you turn around

Come on over, tell no lies
Come and tell it, no alibis
Come on over (Have you heard about the rumour?)
(Have you ever heard about the rumours)
Come and tell it
(About the the new kid in town?)

What's the secret you're hidin'?
I can feel your blues
All the feelings you're fighting
Guess you paid your dues

What is your mission contemplating?
And do you feel alone?
I say down, down if you're hitting this town
Don't you turn around

Come on over, tell no lies
Come and tell it, no alibis
Come on over (Have you heard about the rumours?)
Come and tell it
(Have you ever heard about the rumour?)

Come on over
Come on over
Come on over
Come on over
