

Into The Sands Of Time

The Michael Schenker Group

Gone

So far gone - but you won't admit it
I've tried so long - but you always break us down
I been holdin out - a way to redeem it
But I don't know how - it eludes me

You always bring it on
I'm so tired of all this misery you're inflicting
Ready to walk away

Into the sands of time
We sail across that line

On the edge
So far down - aah you're pushin me over
Reachin out - but you won't let it go
I tell myself - it can't last forever
Gotta work it out - you're killin me

You always bring it on
I'm so tired of all this misery you're inflicting
Ready to walk away

Into the sands of time
We sail across that line

Into the sands of time
We sail across that line

Cold
So damn cold - I can't believe it
We're growin old - just-a hammerin days away
It's all goin south - but it don't matter
Cuz I'm leavin now - I'm 108!

You always bring it on
I'm so tired of all this misery you're inflicting
Ready to walk away

Into the sands of time
We sail across that line

Into the sands of time
We sail across that line
