

Looking For Love

The Michael Schenker Group

Don't give me reasons, when I know for sure
Cause I knew the answers, before I had to go
To say I'm just wasting my time
What kind of a friend would you be
Cause you know that better than I

Hand me a friendship that puts me to the test
Then you wouldn't be any better than all the rest
Don't say I'm just wasting my time
What kind of a friend would you be
Cause you know that better than I

I'm looking for love, looking for a friend
Looking for love in the end
I'm looking for love, you gonna my friend
I'm looking for love in the end

Always unfeeling, and sometimes, oh, so cold
The voice of my anger rings loud, so I'm told
Don't say I'm just wasting my time, what kind
Of a friend would you be,
Cause you know that better than I

I'm looking for love, looking for a friend
Looking for love in the end
I'm looking for love, you gonna my friend
I'm looking for love in the end
