

# Burn It Up

Michael Sembello

It may be greed  
But I like it  
I'm a hopeless romantic  
And my body is frantic  
Feel the need  
I won't fight it  
And if somebody dared us  
We would party in Paris

Keep the radio blasting  
'Cause it's just what I need  
All that I'm asking  
Go on and make my ears bleed  
'Cause I'm on vacation  
With nowhere to go  
No more hesitation  
There's a fire in my soul

Go on and burn it up  
Got to turn it up  
It can never be, ever be loud enough  
Go on and burn it up  
Got to turn it up  
It can never be, ever be loud enough

Fill my cup  
Oh, sure could use it  
Gonna rock you like thunder  
Till it puts us all under  
Won't grow up  
'Cause I choose it  
I keep feeling this hunger  
And to me, it's no wonder

Keep the radio blasting  
'Cause it's just what I need  
All that I'm asking  
Go on and make my ears bleed  
'Cause I'm on vacation  
With nowhere to go  
No more hesitation  
There's a fire in my soul

Go on and burn it up  
Got to turn it up  
It can never be, ever be, loud enough  
Go on and burn it up  
Got to turn it up  
It can never be, ever be, loud enough  
Ooh yeah

Keep the radio blasting  
'Cause it's just what I need  
All that I'm asking  
Go on and make my ears bleed  
'Cause I'm on vacation  
With nowhere to go

No more hesitation  
There's a fire in my soul

Go on and burn it up  
Got to turn it up  
It can never be, ever be, loud enough  
Go on and burn it up  
Got to turn it up  
It can never be, ever be, loud enough

Go on and burn it up  
Got to turn it up  
It can never be, ever be, loud enough  
Go on and burn it up  
Got to turn it up  
Yeah, yeah, yeah, yeah
