Gravity
Pulling me
Gravity
Pulling me
Gravity
Pulling me
Gravity
Pulling me
Pulling me

I'm gonna take you higher than you've ever
I'm gonna bring you closer to forever
I'm gonna touch you, fill you with the thunder
I'm gonna bring you closer to my life

You're like gravity
Pulling me
Gravity
Pulling me
You're like gravity
Pulling me
Gravity
Pulling me
Pulling me

Mutual attraction, molecular reaction
For every action, he's an opposite reaction
Multiplication, love in variation
Plus constellation, equals stimulation

Gravity
Pulling me
Gravity
Pulling me
You're like gravity
Pulling me
Gravity
Pulling me
Pulling me

You're like gravity
Pulling me
Gravity
Pulling me
You're like gravity
Pulling me
Gravity
Pulling me
Pulling me

I've been to all of the stars in the sky
And I still can't believe in it
Love conquers all

You can't escape the gravity, the law of relativity
But if you solve the mystery, you'll never grow old
