

Gremlins... Mega Madness

Michael Sembello

To move it to the groove
You've got to booze it
Till you lose it and party
Gonna tear this place
Down to the ground
The radioactivity
Has really got a hold of me
Oh yeah (oh yeah, oh yeah)
Gonna dance all night
Till we all fall down

Mega madness
Super badness
Mega madness
Super badness

Tonight, I really really really really
Really wanna let it go
I'll never never never never
Never get off the floor

I'm on a nuclear reactor
Resistor with a twist
And with no ice
Gonna pull them down
Till I can't get keep score
I'm a rocket in a socket
Got a woman in my pocket
Shoot her (shoot her)
Gonna bust my way
Right through the door

Mega madness
Super badness
Mega madness
Super badness

Tonight, I really really really really
Really wanna let it go
I'll never never never never
Never get off the floor
