

# What You Really Want

Michael Sembello

It's the thrill of the danger  
It's the lure of the stranger  
It's the game that I [?]

It's the heart you can touch  
Know the love that's too much  
It's the one you wish you could get by

What you really want  
And what you really need  
You got fantasies, realities  
And you got caught between

What you really want  
And what you really need  
Do you ever see it might have been  
From where you chose to be

It's the wall you must climb  
It's the mood you can't hide  
It's the feel that only you can face

It's the one you sleep with  
All the one that you miss  
It's the secret no-one knows but you

What you really want  
And what you really need  
You got fantasies, realities  
And you got caught between

What you really want  
What you really need  
Do you ever see it might have been  
From what you chose to be

What you really want is  
What you really need

What you want  
What you need  
Do you ever see it might have been  
From what you chose to be

What you really want  
And what you really need  
You got fantasies, realities  
And you got caught between

What you really want  
What you really need  
Do you ever see it might have been  
From where you chose to be

What you really want  
And what you really need  
You got fantasies, realities

And you got caught between
