

Monster

Michale Graves

We are victims of circumstance
Tell me the truth
Technology and the consciences
Reach out and touch you

You're a waste of life

I am the source of your destruction
I'm a trench coat demon seed
I'm on a path of self destruction
I am so revelation, serve up your revolution

Countdown, monster god
Technology and the non-solution
Your answer's come to light
Your answer's come too late

You're a waste of life

I am the source of your destruction
I'm a trench coat demon seed
I'm on a path of self destruction
I am so revelation, serve up your revolution
