

# Avalanche

Michelle Chamuel

Didn't think I'd find you once again  
I'm always gonna find you at the end  
And if you need a head start, be my guest  
And if you wanna hide out, go ahead  
Now you can't deny that I've been burned  
You're finally gonna get what you deserve  
'Cause everything in my heart beats for you  
Everything I know, everything I do  
Run run run away, run away  
Whoah oh oh  
Run run run away, run away  
Whoah oh oh  
Now that I've found you, I'm not letting go  
I wanted to be yours  
Now I'm your avalanche  
Why'd you try to leave me all alone?  
Don't you know I'll always find my own  
Way back to haunt you and make you see  
That we belong together, just believe  
Wasn't I the best thing you ever had?  
And though I made you happy, well I was sad  
And now It's time to get what you deserve  
I'm gonna make you love, gonna make you hurt so  
Run run run away, run away  
Whoah oh oh  
Run run run away, run away  
Whoah oh oh  
Now that I've found you, I'm not letting go  
I wanted to be yours  
Now I'm your avalanche  
Why why why'd you let me go  
Why'd you let me go?  
Why'd you let me go?  
Why'd you let me go?  
I don't know whoah  
Why'd you let me go?  
Why'd you let me go?  
Why? Why? Why? Why?  
Run run run away, run away  
Whoah oh oh  
Run run run away, run away  
Whoah oh oh  
Now that I've found you, I'm not letting go  
I wanted to be yours  
Now I'm your avalanche, run  
Run run run away, run away  
Whoah oh oh  
Run run run away, run away  
I said run  
Now that I've found you, I'm not letting go  
I wanted to be yours  
Now I'm your avalanche, run
