

Running Down

Michelle Featherstone

I can't leave the house
I can't get out of bed
I can't stop the tears running down my face again

I can't move an inch
I can't feel my legs and feet
I can't feel the rain running down my face again

Away
Away

I can't stop the pain
I can't make the fever break
I can't taste the sweat running down my face again

Away
Away
Make it go away

I can't even scream
I can't even let it out
I can't see the blood running down my face again

Away
Away
Can you make it go away

Away
Away

Away
Away
Make it go away

Away
Away
Can you make it go away
