

# Caelum Infinitum

Michelle Tumes

Under the starboard sail I glide  
Floating on seas that paint the sky  
Into the eternal maritime  
Laden with troves of seraphic

Under the leaves of clementine  
Bathed by the moon at eventide  
Whispering breeze has reached my soul  
Tarrying not to take my woes  
Tarrying not to take my woes

Like ribbons that dance in a summer fair  
I'm overjoyed; O Sacred Head  
You shower the roads where angels tread  
The blessings of Heaven seers foretold  
The blessings of Heaven seers foretold
