

King Of My Heart

Michelle Tumes

All the castles underneath the sky
Fit with kings and rulers
Could never measure all this glory inside
It makes me sing when we're together

Oh, and his word's igniting power
His sweetness fills my hours

All that you are, all that you do
Like mountains of treasure, like an ocean of jewels
You rule all the stars, make me brand new
I love You forever
You're the king of my heart

You could tell the finest fairy tale
Where peace rules in the kingdom
And I would tell you this is how I feel
Because he reigns with love and wisdom

Oh, and he hears every whisper
He cares for every creature

You're the king, you're the king of my heart
Above everything you're the king of my heart, yeah
You're the king, you're the king of my heart
Above everything you're the king of my heart
