

# Radio Control

Mick Jagger

I'm a player in a game show  
And it's poisoning my mind  
I'm a string on someone's yo-yo  
I feel my life is trivialised

I eat scandal for my breakfast  
I spit gossip late at night  
I'm not one for fancy speeches  
But they're sucking me like leeches  
Feel my body's under radio control

Listen  
Hey hey hey  
Hey hey hey  
Hey hey hey  
Hey hey hey

Every woman that I'm loving  
She's got to have that sense of style  
All the men love that aggression  
They want to walk that extra mile  
I'm getting sick of competition  
You better take me off this mission  
Feel my body's under radio control

Listen  
Hey hey hey  
Hey hey hey  
Hey hey hey  
Hey hey hey

I always stay fresh  
Don't run out of juice  
I don't let the power run dry  
Don't make a fool of myself  
Let my tounge hang too loose  
I stay out of range to survive  
Every woman she got to walk that extra mile  
I'm not one for fancy speeches  
But they're sucking me like leeches  
Feel my body's under radio control

Listen Hey hey hey  
Hey hey hey  
Hey hey hey  
Hey hey hey

Walk forwards  
Walk backwards  
Radio control  
Work hard  
Take a vacation  
Radio control  
Radio control  
Radio control
