When the Av's in your girlfriends Jeep
She sing along like do-re-mi
Downtown where the freeways meet
To hit the high notes fa-so-la-ti
Strung out Malibu Barbie
Couldn't get a room so she puked in the lobby
Valet wouldn't give me the car keys
Got my fix in the bathroom at Arby's
You could call me if you wanna party
All night long and touch my body
You could call me if you wanna party
Three hundred grand in the truck with the Charlie

Passed the ball to the all-star
I drop a hook like I'm [?]
Shooting crack in the Taj Mahal
Looking fly in my tuxedo
Side girl looking like she needs some
Called her over and it cost me three hund'
Should've known when I seen her beeper
Baby was a keeper (sucker)
Every little girl wanna take a ride on my merry-go-round
One by one I knock them down like ducks in a pond
Ah papa how you like my now?
Mama wanna take a ride downtown
You could call me if you wanna party

No panties, no bra

No panties, no bra
No daddy, no ma
So sad that she had to fall into the hands of the devil himself, Avalon
Roll around in the Cadillac car
Bumping Van Halen, Panama
You could call me if you wanna party
All night long and touch my body
You could call me if you wanna party
Three hundred grand in the truck with the Charlie
