

# Pretty Woman

Mickey Avalon

She's a pretty woman  
She got my engine revvin'  
She never tells me nothin'  
She's always down for fuckin'  
She'll take you on a mission  
You're going straight to hell  
And if we need to keep a secret, shh  
She won't tell  
She's a pretty woman  
She's a pretty woman  
She's a pretty woman  
She's a pretty woman

Sweet Señorita how I'd love to meet ya  
Wanna lick your lips and taste that tequila  
I know how you roll Miss misdemeanours  
Laying flat on your back like a corn tortilla  
Hottest bitch on the track  
Watch her shake that thing  
Her main sucker by the neck  
A couple others by the ring  
She's got the [?]  
And if you wanna pet the pussycat best buy her more than drinks  
She ain't affected by recession 'cause they buying what she sellin'  
Always kissing, never telling  
Sweeter than a watermelon  
For a little bit of heaven all I've gotta do is ask  
So she get's my engine revvin' and she'll run you out of gas

She's a pretty woman  
She got my engine revvin'  
She never tells me nothin'  
She's always down for fuckin'

You're going straight to hell  
And if we need to keep a secret, shh  
She won't tell

She wanna party like we in Beverly Hills  
She gets naughty like we in Beverly Hills  
She got a body she bought in Beverly Hills  
So call her when you're ready for some Beverly thrills

Remember Julia? Shopping in Beverly Hills  
Making a fool of ya, and then she'll pass you the bills  
Climb on the furniture in the seven-inch heels  
And if she ever got a problem she just pops the right pills  
Rockin' Prada on the bottom and Louis cross her shoulder  
Flaunt it if you got it, just like her mama told her  
We could take it to the bed but she prefer it on the sofa  
Looking for a lover but she lusting for a soldier  
I told you once and I'mma tell you again  
You don't get nothing if you become friends

So like a dog off his leash, or a pig in a pen  
Baby let's get freaky then let's do it again

She's a pretty woman  
She got my engine revvin'  
She never tells me nothin'  
She's always down for fuckin'  
She'll take you on a mission  
You're going straight to hell  
And if we need to keep a secret, shh  
She won't tell  
She's a pretty woman  
She's a pretty woman  
She's a pretty woman  
She's a pretty woman

She wanna party like we in Beverly Hills  
She gets naughty like we in Beverly Hills  
She got a body she bought in Beverly Hills  
So call her when you're ready for some Beverly thrills
