

One Thing

Mickey Factz

One thing on my mind
One thing on my mind
One thing on my mind

One thing on my mind
One thing on my mind
One thing on my mind

What up, tell me what is like
And I'll tell you what I like
Like kisses at night
One and little white
Time to get it right
That's normal, I record when I saw you
Both my eyes were on you
I love the... if you want a big boy for your love to love
Say yes I want to know
Girl come and go so I want to know
What it is, just know what it is
Tattoos over her ribs
Fingers tips over her lips
Come first come to the crib
With any... this thing... trippin
And you'll see that is

Chorus:
One thing on my mind, say
One thing on my mind, say,
One thing on my mind, say
Bad girl bad girl
One thing on my mind, say
Two things on my mind, say
Wanna few things on my mind, say
Bad girl
I wish you all of mine
I give you all to shine
I wanna get get get... just all tonight

I want you, you you and you
Yeah your friend and...
One thing on my mind that's true
It must be on my mind guess who
Making let you and all the women professional
Or givin up what they slept in, what they crapt in
What they stylist
What they... they ain't sell it
But what they dress in is the fliest
Is so sexy tell me best then I get it
You just sip on one of the beam
So I got a lot to do
And I lot to prove
So what is going on babe
What you're gonna do
'Cause one thing just turn em two
What a... life

Chorus:

One thing on my mind, say
One thing on my mind, say,
One thing on my mind, say
Bad girl bad girl
One thing on my mind, say
Two things on my mind, say
Wanna few things on my mind, say
Bad girl
I wish you all of mine
I give you all to shine
I wanna get get get... just all tonight

That thing you do I like it
Let's try it gonna fight it
We need to get united
Your body got me...
Drinks on em then you can be on me
Then you can see what's... the radio ready to go
It's time to settle down to fight and love
I haven't found
To... I'm going on the way what can I say

[Chorus:]
