

You've Got Something On Your Mind

Mickey Gilley

Is there something on your mind
Could it be that your mistreated
Looks like yours can be misleading
But lonely eyes don't lie.

You've got something on your mind
And it's tearing you to pieces
I'd love to be the one you're needing
You've got something on your mind.

What's a lady like you doing here
You seem so out of place
And I've seen that look a thousand times
But not all that angel face.

It's killin' me to see you here
In a-cryin' but broken heart
I wish that I could hold you close
Before you fall apart.

You've got something on your mind
Could it be that your mistreated
Looks like yours can be misleading
But lonely eyes don't lie.

You've got something on your mind
And it's tearing you to pieces
I'd love to be the one you're needing
You've got something on your mind.

I'd love to be the one you're needing
You've got something on your mind.

You've got something on your mind...
