

## Busy Bein' Born

Middle Class Rut

The days keep dragging on  
those rats keep pushing on, woah  
The slowest race around  
we all just race around, woah  
And when the hope's gone the weight falls on me  
yeah, when I'm gone the weight falls on me

No sense in signing up, you're names already in  
go ahead, yeah fuck it up, the next guy pays for it.  
Cause what I get ain't half of what I give  
and half don't suit me anyway  
Cause what I get ain't half of what I give  
and half don't suit me anyway

Maybe I sacrifice to feel like I'm alive  
penniless, it's all the same  
at least I'll die with a name.

I ain't dead yet  
Give it back  
or I'll take it  
Give it back  
or I'll take it  
or I'll take it

Maybe I sacrifice to feel like I'm alive  
penniless, it's all the same  
at least I'll die with a name.

Maybe I sacrifice to feel like I'm alive  
penniless, it's all the same  
at least I'll die with a name.

I ain't dead yet  
Give it back  
or I'll take it  
Give it back  
or I'll take it

And when the hope's gone the weight falls on me  
yeah, when I'm gone the weight falls on me.

And when the hope's gone the weight falls on me  
yeah, when I'm gone the weight falls on me...
