

# Restless Life

Middle Class Rut

I didn't ask for this  
I didn't plan for this  
Don't got a can to piss in  
At the end of this day  
This day  
The world in the background  
Dirt on my back now  
The life that I wanted  
Got lost somehow some way  
Some way

You're never gonna live this down  
The whole world's against you now  
The fortunate ones will win  
The weak ones will just give in  
But the years have left me cold  
And my heart it feels so old  
I hope for a better end  
They may have got me to bend  
But I won't break

Workforce death stare  
Government welfare  
The bottom line sinks  
As the hand works to their bones  
For this home  
And all I can think is  
Where did I go wrong?  
And all I can say is  
Why do I feel so led on?  
And so weak

You're never gonna live this down  
The whole world's against you now  
The fortunate ones will win  
The weak ones will just give in  
But the years have left me cold  
And my heart it feels so old  
I hope for a better end  
They may have got me to bend  
But I won't break

Restless life I live  
Restless life I live  
Restless life I live  
Restless life I live

You're never gonna live this down  
The whole world's against you now  
The fortunate ones will win  
The weak ones will just give in  
But the years have left me cold  
And my heart it feels so old  
I hope for a better end  
They may have got me to bend  
But I won't break
