

Take a Shot

Middle Class Rut

Hoodalay's got a lonely feeling
Gonna keep within
It ain't that sinking feeling
Gonna keep within
Never knew that much about it
Never wanted in
Laying down waiting on a cave
That just won't cave in
And all you wanna know is, where you need to be
And all you wanna know is, what you need to be
Or who you need to count on
Or where you need to go
While there ain't nobody else, wandering

Hey man I don't think you know
Hey man I don't think you know
Hey man I don't think you know
Hey man I don't think you know

Born and raised now it's open season
Come and take a shot
They don't care what you are it's, what you're not
Never knew that much about it
Never won the race
Laying down, watching their feet walk over you
And take your place
So where do you go from here?
Where don't you go from here?

Hey man I don't think you know
Hey man I don't think you know
Hey man I don't think you know
Hey man I don't think you know

Hey man I don't think you know (I don't think you know)
Hey man I don't think you know (yes yes, I don't think you know
)
Hey man I don't think you know (I don't think, I don't think yo
u know)
Hey man I don't think you know (Shadowless, I don't think you k
now)
