

White lies and wasted alibis  
 I'll give you somethin' cause you need it  
 Stories that you won't believe  
 Crying eyes are left to analyze  
 (How can the past [?])  
 Stories that you won't believe  
 So hold me close to you  
 (All I need's my soul)  
 Hold me close to you  
 (All I need's my soul)  
 Say your last goodbye  
 (All I need's my soul)  
 Say your last goodbye  
 (All I need's my soul)  
 So give up the fight, yeah

What I say, I make believe it  
 What I say, yeah you can feel it  
 Cause you know I know  
 So give up the fight, yeah

Why lie and call it compromise?  
 ([?] I got a feeling)  
 Another useless way to keep the peace  
 You wait to find you don't remind  
 The truth you thought that you left behind  
 A false hope that just won't let you be  
 So hold me close to you  
 (All I need, I own)  
 Hold me close to you  
 (All I need, I own)  
 Say your last goodbye  
 (All I need, I own)  
 Say your last goodbye  
 (All I need, I own)  
 So give up the fight, yeah

What I say, I make believe it  
 What I say, yeah you can feel it  
 You know I know  
 So give up the fight, yeah  
 So give up the fight, yeah  
 So give up

She seems [?]  
 Hold above my head  
 Fell into my everything, leaving me for dead  
 But I could never find out what it really meant  
 And now you all will end up with her in the end

What I say, I make believe it  
 What I say, yeah you can feel it  
 What I say, I'll make believe it  
 Yeah you can feel it  
 Cause you know I know  
 Cause you know that I know, yeah  
 So give up the fight, yeah

You're a [?]
