

# I See Hope In The Morning Light

Midge Ure

Another long night, caresses round me Shows no pity knows no shame  
To share it's lifetime of endless moments Till I can touch  
the light again Everything changes, everything round us Everyth  
ing matters after all Let something move me and I will follow N  
ot walking blind but walking tall

Where does it say that we must hide Inside this cold divide Whe  
re nothing good can grow When has a life been black and white W  
here it's only wrong or right, I never felt so low

Deliver me from my sad story I see hope in the morning light Co  
me to me in love and glory I see hope in the morning light Brin  
ging peace and understanding I see hope in the morning light Em  
otional and undemanding I see hope in the morning light

This heat that's growing from deep inside me Lighted by your bu  
rning flame But through the darkness when sleep surrounds me I'  
ll wake up crying out your name There are no reasons, no lame e  
xcuses To lock up freedom and desire With love the power you ca  
me right through me And turned this ember to a fire

Deliver me from my sad story I see hope in the morning light Co  
me to me in love and glory I see hope in the morning light

Where does it say that we must hide Inside this cold divide Whe  
re nothing good can grow When has a life been black and white W  
here it's only wrong or right, I never felt so low

Deliver me from my sad story I see hope in the morning light Co  
me to me in love and glory I see hope in the morning light Brin  
ging peace and understanding I see hope in the morning light Em  
otional and undemanding I see hope in the morning light

Deliver me from my sad story I see hope in the morning light Co  
me to me in love and glory I see hope in the morning light Brin  
ging peace and understanding I see hope in the morning light Em  
otional and undemanding I see hope in the morning light
