

Burn Out

Midland

Watchin' cigarettes burn out
'Til all the neon gets turned out
I'm so on fire for you it hurts, I am
Down as the cigarette can burn out

Just watchin' rivers run
Down the side of my bottle
Almost like it's cryin' my tears
I had the world on a string
Then I lost everything
And that's how I wound up here

Watchin' cigarettes burn out
'Til all the neon gets turned out
There's nothing left but empty glasses now
It's all flashes now
Smokin' memory that ain't nothin' but ashes
In the low lights
It's done me wrong so tempt me so right
I'm so on fire for you it hurts, I am
Down as the cigarette can burn out

If you put your hands on the flame
You've got no right to complain
'Cause you know it's gonna leave a mark
When the glow comes to an end
Like scattered embers in the wind
Leaves you lookin' for a brand new spark
Watchin' cigarettes burn out

Now with every hit
I'm gonna quit
But who am I kiddin'?
I just can't put you down
So I keep hangin' around

Watchin' cigarettes burn out
'Til all the neon gets turned out
There's nothing left but empty glasses now
It's all flashes now
Smokin' memory that ain't nothin' but ashes
In the low lights
This' done me wrong so tempt me so right
I'm so on fire for you it hurts, I am
Down as the cigarette can burn out
I'm so on fire for you it hurts, I am
Down as the cigarette can burn out
