The high places of anu, ras a guide through
For a work ethic, brotherhood peace
For governments in a righteousness ease
With the rare reality upon the table
Have no proper into false sense of security
Just the progress that I'n'I sheds myselfs to be
Praise jah rastafari just as long as I am able, as I'm able, as I'm a

The world happiness want their syndignity
Them gon' take 'way everything from are we
And I'n'I still the lightest version into more and long stability
Yayy, seen, yaay, even wicked minds will not bleed
As a fugitive praying for safety
That's how the king set up to three sixty
Seeking the good god for mercy

The look of sharing with everything, with everything...
With the rare reality upon the table
Not no compliant false sense of security
Just the progress that I'n'I she'd myselfs to be
Praise jah rastafari just as long as I am able, as I'm able, long as
