

Forever, For Always, For You

Mikaila

Ooooooooooh...yeah

Never had a feeling
Of love like this
Never thought my life could change
With just one kiss
Never had a reason
To spread my wings and fly
Never saw forever
Until I looked in your eyes

Like a light that shines away
Through all my darkest hours
Your love -- it flows through me
And I feel the power

'Til the clocks run out of time
'Til the stars refuse to shine
I will hear you when you call
And I'll catch you when you fall
'Til the rivers all run dry
And the sun falls from the sky
This much I know is true
My love is forever, for always, for you
My love is forever, for always...

Did you ever wonder
If dreams could come true
If love songs and fairy tales
Were ever meant for you
Did you ever wonder
What's at the rainbow's end
If Romeo and Juliet
Could ever happen again

Like a river finds a sea
And rain falls to the ground
Of one thing you can be sure
I'll never let you down
Nooooooooooo!!!

'Til the clocks run out of time
'Til the stars refuse to shine
I will hear you when you call
And I'll catch you when you fall
'Til the rivers all run dry
And the sun falls from the sky
This much I know is true
My love is forever, for always, for you
Ooh, my love is forever, for always...

And if the weight of this world
Should ever cause you pain
I'll be there right by your side
Give you shelter from the rain
Just call my name

'Til the clocks run out of time
'Til the stars refuse to shine
I will hear you when you call
And I'll catch you when you fall
'Til the rivers all run dry
And the sun falls from the sky
This much I know is true
My love is forever, for always, for you
My love is forever, for always, for you
Ooh, my love is forever, for always, for you.
