

like blood

Mike Stud

Looking down at your favorite place
Looking down
Yeah
Yeah
Yeah
Yeah

All the time we got wasted was not wasted, no way
Drinking mind erasers down in old town, baby, yeah no way no way
Out in old town with all new faces
House in the hills, paid for in blue faces
Saw picture perfect if you take it
Depends on who takes it
Turn me up baby, like your favorite song
Yeah I'll fuck you on the counter where the snacks belong
Turn me up baby
Turn me up
Turn me up a little more

Me and my
Me and my friends
Me and my friends
Me and my friends are like blood, dog
Kill the weekend, blood on my hands
Like it's that time of the month, dog
Me and my friends
Me and my friends
Me and my friends are like blood
Me and my friends
Me and my friends
Yeah

Okay
The only person I ever lost and needed back was me
Got a lot of answers, baby ask away
Got a cash safe, best believe the cash is safe
Got a boat in the backyard, cast away
Ayy, I ain't really have me a plan, I had me a day
Woke up on a catamaran, cast me away
Had to put the pose in the rose, go ghost for the day

Just me and my
Me and my friends
Me and my friends
Me and my friends are like blood, dog
Killed my plans, blood on my pants
Like it's that time of the month, dog
Me and my friends
Me and my friends, like motherfucking blood
Me and my friends
Me and my friends
Yeah, like blood dog

It's not that time of the month, but I'm in flow for real
I got Foley out in Nashville closing deals
By the time we done with this shit we gon' hold some mils
By the time we done with this shit we'll be home safe

I put that work in for real, now we in crazy shape
In this world that we live in, it's a crazy place
I'm just glad we made it out here and we made it safe

Me and my friends
Me and my friends
Me and my friends are like blood, dog
Me and my friends
You ready?
Me and my
Me and my friends
Me and my friends
Me and my friends are like blood, dog
Kill the weekend, blood on my hands
Like it's that time of the month, dog
Me and my friends
Me and my friends, like motherfucking blood
Me and my friends
Me and my friends
Yeah
