

## little more time

Mike Stud

Aye  
Just a little more time  
With a few good friends  
Don't fuck my high up  
Just a little more time  
It'll all be fine  
Just one more night (ohh)  
What I would give to be on the other side  
For another night with you again  
What I would give to be on the other side...

Yeah I'd do it again  
Again and again  
Over and over with all my friends  
I'd do it again  
Again and again, with you  
Yeah I'd do it again  
Again and again  
Over and over tell all my friends  
I'd do it again  
Again and again, with them

Cuz every time I needed you, you was ready  
Lift me up right off the ground when I'm heavy  
Even when I'm not around, you would always check me  
Even when I'm not around, you would always check me  
Yippie-i-motherfucking-o all the memories  
Faded at the Dive Bar, how could I forget it  
Every time I needed you, you were ready

Just a little more time  
With a few good friends  
Don't fuck my high up  
Just a little more time  
It'll all be fine  
Just one more night (ohh)  
What I would give to be on the other side  
For another night with you again  
What I would give to be on the other side...

But I'd do it again  
Again and again  
Over and over with all my friends  
I'd do it again  
Again and again, with you  
Yeah I'd do it again  
Again and again  
Over and over tell all my friends  
I'd do it again  
Again and again, with them

Late night, call you  
Wondering how you're doing  
Plane ride, red eye  
Sunrise, I'm coming home  
If I could do it all over again  
I wouldn't change a fucking thing

You're goddamn right, I'd do it all over again

Yeah I'd do it again  
Again and again  
Over and over with all my friends  
I'd do it again  
Again and again, with you  
Yeah I'd do it again  
Again and again  
Over and over tell all my friends  
I'd do it again  
Again and again, with them

I'd do it again  
Again and again  
Over and over with all my friends  
I'd do it again  
Again and again, with you  
I'd do it again  
Again and again  
Over and over tell all my friends  
I'd do it again  
Again and again, with them
