

# Take It How You Wanna

Mike Stud

[Marcus Stroman:]

Search for a ring like Dex  
Jumpman cleats for the quest  
Game time, bring my best  
Fam tatted on my chest  
Vibes up, never looking down  
How many times have you seen me frown?  
Standing out, never fittin' in  
On top, my position is  
And lately  
Got baby mom with me daily  
They can not test me or phase me  
The deals comin' in, they are crazy  
I stay on the move  
I keep it true  
With my team I cannot lose  
Want me to play by the rules  
But trust me I do what I choose  
Pops sayin' he miss me  
Wish things were different  
But he made me this way  
Yeah they talk but I don't listen  
Work smarter than them  
Designer on all of my friends  
They fake and I never pretend  
Give family all my ends

[Mike Stud:]

Take it how you wanna  
Got a lot of things on my mind  
So take it how you wanna  
I'm a do me every time  
Take it how you wanna  
Got a lot of things on my mind  
So take it how you wanna  
I'm a do me every time

As the clock ticks the plot thickens  
Only got hits, you got misses  
I don't talk shit, I talk business  
All the gossip, I'm not with it  
No false shit, I'm no gimmick  
And the room stops when I'm in it  
And the Jordan five's is authentic  
But you couldn't walk a mile in 'em  
Yeah I walk like a ball player still  
I don't play 'cause I play the field  
And I don't take shit, or the deal  
Everything I say, you know it's real  
And all the shit we used to dream about  
Is just a normal evening now  
We came up and we've be down  
Trust me it evens out  
It's still Mike Stud, homie  
Fuck the shade they throwing  
I'm no dice, can't roll me  
And I just got the Rollie

So they see what time it is  
Used to dream of all of this  
What you see is what you get  
Yeah, I stay me through all of this

Take it how you wanna  
Got a lot of things on my mind  
So take it how you wanna  
I'm a do me every time  
Take it how you wanna  
Got a lot of things on my mind  
So take it how you wanna  
I'm a do me every time
