

## Things I Like

Mike Stud

Yea girl, you thought I couldn't tell  
Yea girl, I know you all too well  
I know I'm on your mind  
That's what's up, bottom line  
I'm in touch, everytime  
You get yours, I get mine  
It's been a long week  
And even longer weekend  
So put it all on me  
Girl fuck me like you mean it  
It's been a long week  
And even longer weekend  
I think we both know what we need  
Yea we both know what we need

I, I, I, I, I been down I know  
I been down been up been there been scared before  
I, I, I, I, I been down I know  
I been down been up been there been scared before

I know you think about me when you close your eyes  
I know you think about me when you on your drive  
I know you think about me late night  
I know you think about me late night

Imma be honest  
You worth more than anything in my wallet  
If you want it, I got it  
It's cool, it's no biggie, no Christopher Wallace  
Let's fuck up some commas  
If I'm gonna spend it then it's on my girlie  
I ain't got no worries  
If it ain't about us then it doesn't concern me  
I know you hate it when I'm out on the road  
But you know I gotta do that  
Even though shit can get out of control  
You got that shit that I need  
Cause I been turning down turning up for you  
Now I'm out of town turning up without you

I know you think about me when you close your eyes  
I know you think about me when you on your drive  
I know you think about me late night  
I know you think about me late night

Get yo ass, get yo ass, get yo ass back to bed  
Get yo ass, get yo ass, get yo ass back to bed  
Get yo ass, get yo ass, get yo ass back to bed  
Get yo ass, get yo ass to bed

I haven't driven in years, she still drives me crazy  
If I gotta switch in a different gear, I do that for my baby  
Even if I don't got the time, you know that I make it  
We love that wakey-wakey eggs and bakey she cook for me naked  
She like 5'10, model chick, always with her friends  
Out mobbin, runnin shit, my bed's where she ends up  
Riding, on a stick, love the way she drive me crazy

(Watermelon, baseball, apple pie, Disney Land)  
She drive me crazy

I know you think about me when you close your eyes  
I know you think about me when you on your drive  
I know you think about me late night  
I know you think about me late night
