

Now we ain't tryna have no f*ckin' party
Unless your girls tryna all get naughty
I got some lean in my truck right now
And I'm tryna make it all go down
My friends like sniffin' cocaine
They hit the strip club on a bitch and make it rain
I like making money on the f*ckin' corner too
But I'd much rather be somewhere doing wall street dudes

I had to swerve on em', I had to swerve
What's the word on them? What's the word?
So can I swerve on em'? Can I swerve?
I had to swerve on em', I had to swerve

Now I'm always flyin' down on the highways
I be tryna make a money turn to five ways
I remember when I used to have a two way
And now I make the club go up on a Tuesday
My cousin outta town with that new shit
He comin' right back like a new pit
He balkin' with that new f*ckin' sparker
Niggas out here crazy like they Waka

I had to swerve on em', I had to swerve
What's the word on them? What's the word?
So can I swerve on em'? Can I swerve?
I had to swerve on em', I had to swerve

I don't like to share my drugs
'Cause all these niggas wanna smoke my bud
Don't nobody have no f*ckin' money

They laugh at jokes, ha ha, they think this shit is funny
But ain't nothin' funny at all
I had to make a hundred thousand before fall
I got niggas tryna kick me out my house
I got niggas in the trap like a mouse

I had to swerve on em', I had to swerve
What's the word on them? What's the word?
Can I swerve on em'? Can I swerve?
Oh what's the word on them, oh I gotta swerve

Now I'm bout to fly outta town
I'll be back in September when it's brown
On the leaves but I'll still have that green
I mean my friends kinda know what I mean
We be gettin' f*ckin' drunk all the time now
I be tryna be in the High Times now
On the front cover with my f*ckin' dojer
I play games bitch I'm PlayStation controller
So let me swerve on em', so let me swerve

You know I had to swerve on em', now I had to swerve
So what's the word on them? Tell me should I swerve
Because I swerve on em', yes you know I swerve
So what's the word on em'? Can I swerve?

You know I swerve on em', you know I swerve
So what's the word on them? What's the word?
Because I swerve on em', you know I swerve
