

# Everything You Say

Mikeschair

Words fly, bye bye  
speaking lies about my life but I don't hear a thing  
The world can't understand  
try to tell me who I am but I'm not listening

No one can lay on me  
all my identity

I'm hanging on everything You say  
I go alive when You call my name  
I know it's true when You say I'm saved  
'cause I believe everything, e-everything You say  
everything, e-everything You say  
everything, e-everything You say  
everything, e-everything You say  
everything, e-everything You say

You've come bitters done  
I belong to the only one who has the right to me

You bought me with Your life  
so now I give You mine

I'm hanging on everything You say  
I go alive when You call my name  
I know it's true when You say I'm saved  
'cause I believe everything, e-everything You say  
everything, e-everything You say  
everything, e-everything You say  
everything, e-everything You say  
everything, e-everything You say

[2x]

Set free, redeemed, I am everything that You call me  
Holy, beloved, I am everything that You call me

I'm hanging on everything You say  
I go alive when You call my name  
I know it's true when You say I'm saved  
'cause I believe everything, e-everything You say  
everything, e-everything You say  
everything, e-everything You say  
everything, e-everything You say  
everything, e-everything You say

everything, e-everything You say  
everything, e-everything You say  
everything, e-everything You say  
everything, e-everything You say
