```
Love you crazy Love you crazy
```

Everybody's sayin' seize the day
All I hear when they say seize the day is your name
So alone with the love so tragic
One taste, I'm a full blown addict
Now I keep comin' back, gotta have it
Gotta have it, gotta have it
In jail or devil or neither
And you got me sweatin', that fever
And when the heat is gone you make me a believer

Love you crazy
Love you crazy
Love you crazy
Love you crazy

Everybody's sayin' seize the day Your love is a little bit crazy, my love is a little bit crazy Cause everything that we could feel, we feel insanely

Love you crazy
Love you crazy
Love you crazy
Love you crazy...
