

# Not The One

Mikky Ekko

Lay you down, feel you up  
On my lord, oh  
Built to spill, like your breath  
Underneath my coast  
I believe, I believe  
I repent, oh  
Take me back, take me in  
Come for me, yours

Cause I could be the one you want  
The one you never have to lie  
If only for the night

Oh but, I'm not the one  
I'm not the one  
I'm just the one you want for now  
After all the one you want  
Never seems to come around  
Cross your heart and let it slide  
Straight into another life

Like a friend, once again  
Just a hand you hold  
I confess, I pretend  
Never been quit sure

Cause I could be the one you want  
The one you never have to lie  
If only for the night

Oh but, I'm not the one  
I'm not the one  
I'm just the one you want for now  
After all the one you want  
Never seems to come around  
Cross your heart and let it slide  
Straight into another life  
Straight into another life  
Straight into another life

Yeah love can be deceiving  
Waiting for a feeling  
When there's no time  
Can't stop you for leaving  
What I still believe in  
Believe in

I'm not the one  
I'm not the one  
I'm just the one you want for now  
After all the one you want  
Never seems to come around  
Cross your heart and let it slide  
Straight into another life  
Oh oh, straight into another life  
Oh oh, straight into another life  
Oh...
