

Well, well, well, well  
Look at you, you, you, you

You tell me all the things you wanna do  
Baby it's your body, let it choose  
To love, love, love, to love

Still remember the first time that I saw your face  
It was not love at first sight  
The only reason I tell you that now  
Is cause everything feels so right  
With you lyin' next to me  
And tellin' me your fantasies  
Yeah everywhere we go it's so  
So easy

You tell me all the things you wanna do  
Baby it's your body, let it choose  
To love, love, love, to love  
Show me, what it means to take it slowly  
Friendship into love takes growing  
Knowing is to love, love, love, to love

Now you got me swimmin' in your ocean  
And in your eyes I see devotion  
And in my eyes you see a man hopin'  
That you're not leavin' 'til the mornin'  
So baby stay with me a little while longer  
And know I beg, I plead to see you smile  
No hesitatin', never keep you waitin'  
But I will always take my time with...

You tell me all the things you wanna do  
Baby it's your body, let it choose  
To love, love, love, to love  
Show me, what it means to take it slowly  
Friendship into love takes growing  
Knowing is to love, love, love, to love

Leads back to you  
Give it all, give it all, give it all, for you  
Give it all, give it all, give it all, for you  
You're the only one I live for, try for  
Weep for, die for, you know I'd give it all for

You tell me all the things you wanna do  
Baby it's your body, let it choose  
To love, love, love, to love  
Show me, what it means to take it slowly  
Friendship into love takes growing  
Knowing is to love, love, love, to love
