

Change the Show

Miles Kane

We're too busy losing battles
I get by, but I always get battered
It's about time that we make shit matter
Tighten up you're belt, don't give me pitter-patter

Let it out, turn it up, tell me which way to go
Let's change the show

Psychedelic times, it's a shit-show horror
Coming up the aisle with a stone-cold stunner
Splitting at the seams, it's a hot air matter
Claustrophobic air, I'm a mad mad hatter

Let it out, turn it up, tell me which way to go
Let's change the show (Show)
Let's change the (Show)
'Cause it just don't matter
Just don't matter at all (Oh)
Let's change the show

Ah, come on!

Let it out, turn it up, tell me which way to go
Let's change the show (Show)
Let's change the (Show)
'Cause it just don't matter
Just don't matter at all (Oh)

Let's change the (Show)
Let's change the (Show)
I wanna change the (Show)
Ah, you know I wanna
'cause it just don't matter
Just don't matter at all (Oh)
Let's change the show
