

# Come Closer

Miles Kane

What do I have to do  
To get you where  
I want you

I'll guess we'll see  
What might be, whoa

You're a million miles  
A million miles away  
So come closer  
So come closer  
So come closer  
Whoa, whoa

You're reasons, don't make any sense  
I'll never rely on you  
And you're draped on him  
While you're staring at me  
Whoa, whoa

You're a million miles  
A million miles away  
So come closer  
So come closer  
So come closer  
Whoa, ahh, ah

You're a million miles  
A million miles away  
So come closer  
So come closer  
Whoa, ahh, ah
