

Can't A Girl Have Fun

Milk Inc.

Stepping into the door, gonna have me a blast
Beats are pumping through the system, got my heart beating fast
Check my name on the list, come on through, follow me
All my ladies to the V.I.P.

Flash a smile, blow a kiss, just a look and a wink
Boys are lining up to be the first to buy me a drink
Make my way to the floor, ready to rock this town
All my ladies getting down, down, down

Can't a girl have fun
Yeah, up in the club
The party's just began
Tonight's the night

Can't a girl have fun
Up in the club
The party's just began
Tonight's the night

Can't a girl have fun
Yeah, up in the club
The party's just began
Tonight's the night

Can't a girl have fun
Up in the club
The party's just began
Tonight's the night
