

# Fado

Milky Chance

Colorful, colorful  
Hard to get, paint it black (fado)  
Beautiful, beautiful  
Doesn't know maniac (fado)  
Fragile soul, fragile soul (fragile soul)  
Never knows how to act (fado)  
Gimme back, gimme back  
Gimme that beautiness (fado)

You don't know what to say  
You don't know how to act  
It just goes round and round  
You become maniac

What if the birds don't know how to sing anymore, to sing anymore?  
What if it hurts you so, it hurts you so? I heard this is fado  
What if the birds don't know how to sing anymore, to sing anymore?  
What if it hurts you so, it hurts you so? I heard this is fado

This is fado  
This is fado  
This is fado  
This is fado  
This is fado

Run away, run away  
No one can make you stay (fado)  
Mess it up, mess it up  
You don't know how to stop  
Get along, get along  
This is just way too strong (fado)  
Baby love, baby love  
You're the one, baby love (fado)

You don't know what to say  
You don't know how to act  
It just goes round and round  
You become maniac

What if the birds don't know how to sing anymore, to sing anymore?  
What if it hurts you so, it hurts you so? I heard this is fado  
What if the birds don't know how to sing anymore, to sing anymore?  
What if it hurts you so, it hurts you so? I heard this is fado

This is fado  
This is fado  
This is fado  
This is fado  
This is fado  
This is fado
