

# Right from Here

Milky Chance

Spending my time at night  
Barely can close my eyes  
Treasures I'm thinking of  
Never get close enough

To fall  
I don't wanna fall  
Please don't let me fall  
Please don't let me fall  
Please don't let me fall

I think we got it  
I think we got it right from here  
This is our loving  
Just like a haunting melody  
I think we got it  
I think we got it right from here  
This is our loving  
Just like a place for you and me

I was driving with my demons down the road  
I was trying to avoid the words you wrote  
I was drowning with a heavy overload  
I was even with the pieces I'd been told

To fall  
I don't wanna fall  
Please don't let me fall  
Please don't let me fall  
Please don't let me fall

I think we got it  
I think we got it right from here  
This is our loving  
Just like a haunting melody  
I think we got it  
I think we got it right from here  
This is our loving  
Just like a place for you and me

I was driving with my demons down the road  
I was trying to avoid the words you wrote  
I was drowning with a heavy overload  
Heavy overload, heavy overload

I think we got it  
I think we got it right from here  
This is our loving  
Just like a haunting melody  
I think we got it  
I think we got it right from here  
This is our loving  
Just like a haunting melody
