

# Let You Go

Milla Jovovich

Hurricane outside your window  
staring straight into a storm  
open doors and open windows  
let me fly out  
i'll get broken  
you're saying all this with your eyes  
i don't know if you realize  
i can feel it when you're near me  
all the time  
all the kindness  
when i held you head to toe  
rollin through like a hurricane  
holdin hands that are made of snow  
i always feel it when you're near me  
leave a whisper in your ear  
tell you what you want to hear  
-i won't let you go-  
every hour  
every moment  
thoughts of you  
walkin round my room  
when we pull aside the curtain  
all the clouds begin to bloom  
i hope you know that i can feel  
your voice melting all over me  
turning into what i fear  
-i won't let you  
i won't let you go-
