

Eye of the Storm

Milow

Here we go again
The clouds are gathering
They're reaching for the ground
We don't know where we don't know when
Take cover it's coming down we hover
In the eye of the storm there's a place we belong
A shelter all our own
In the eye of the storm there's a place we belong
A shelter we call home
Here we go again
I forgot how it began
Time got turned around
It's too late to make a plan
Take cover it's coming down we hover
In the eye of the storm there's a place we belong
A shelter all our own
In the eye of the storm there's a place we belong
