Tremble

Mindy McCready

It's like you're holding my heart in your hands And for a moment, I can't breathe More now forever there in your eyes Oh the way you move me, I can't help it, I Tremble Every time that we touch It's a shock to my soul I'm shakin' all over Baby it's just too much Cuz your kiss Always leaves me like this I have no defenses Lost all control Something about your love Makes me tremble Oh I tremble Baby for the first time I'm so completely lost Somehow I'm right where I belong Feel you like sunlight rushin through my veins No one else could ever make me feel this way Tremble Every time that we touch It's a shock to my soul I'm shakin all over Baby it's just too much 'Cuz your kiss Always leaves me like this I have no defenses Lost all control Something about your love Makes me tremble Oh I tremble I'm falling apart Here in your arms 'Cuz I need you Look at me baby I just can't help it I love you Oh your kiss Always leaves me like this I have no defenses Lost all control Something about your love Makes me tremble Oh I tremble Oh I Tremble
