

# What If I Do

Mindy McCready

I'm afraid we're moving a little too fast  
He think we're moving too slow (it figures)  
I'm sittin' here praying this movie  
Will last another hour or so  
He whispers he loves me  
He loves me so strong  
He wants to show me tonight  
(Yeah I'll bet he does)  
When two people have wanted each other  
So long you know it's only right  
(Yeah tonight)

What if I do  
Will he love me more  
What if I don't  
Will he walk out the door  
I want to wait till I know it's true  
He thinks I won't  
But what if I do

He's got my body a screaming screaming let's go  
He's got my mind all a mess  
The part of me that always says no  
Is losing to the part that says yes  
It's a test

What if I do  
Will he love me more  
What if I don't  
Will he walk out the door  
I want to wait till I know it's true  
He thinks I won't  
But what if I do

He says we'll be together  
From now until forever  
Is he being clever or what

What if I do  
Will he love me more  
What if I don't  
Will he walk out the door  
I want to wait till I know it's true  
He thinks I won't  
He thinks I won't

What if I do  
Will he love me more  
What if I don't  
Will he walk out the door  
I want to wait till I know it's true  
He thinks I won't  
But what if I do

He thinks I won't  
But what if I do
