

Catalyst For Love

Ministry of Magic

Chorus (Luke and Georgia)
You mesmerize me
With your heroic tendencies
And all we need is one
A catalyst for love

Verse 1 (Jason and Victoria)
You and me it's like alchemy
Our love will be the catalyst
And the energy
The product of our love
Deny the inhibitors
The fools that say that our love won't work
Our electricity
Will be the activator for our love

Prechorus (Jason and Victoria)
Without you I'm nothing
You're my one remedy
So darling

Chorus (Luke and Georgia)
You mesmerize me
With all your heroic tendencies
And all we need is one
A catalyst for love

Break (Jason and Luke)
You and me, it's like alchemy
You and me, it's like a dream

Verse 2 (Victoria and Georgia)
You and me, it's like alchemy
Our hearts will turn this lead to gold
And finally
Our love will be revealed
One kiss will set us free
From all the chaos surrounding us now
And we're starting
A chain reaction that will never end

Prechorus (Luke and Victoria)
Without you I'm nothing
You're my one remedy

Break (Georgia, Luke, and Victoria)
You mesmerize me
With all your heroic tendencies
One kiss will set us free (And all we need is one)
From all the chaos surrounding us now
And we're starting (A catalyst for love)
A chain reaction that will never end

Chorus (Luke and Georgia)
You mesmerize me
With all your heroic tendencies
And all we need is one

A catalyst for love
