

Just Another Soldier

Minutemen

All the 300 dead
We still got pride
We lost all our morals
We still got pride

Same a story told
Nothing left to hide
It all comes down
We got pride

Should we fight this war
To bark harder at the globe
Learn how to die
Some of just hide
This is our future
Ashes all remain
It's all the same
We got pride

How much pride
Does it take soldier guy
His life was so short
No chance to start
The ones he left behind
The world he'll never see
No one could deny
That the soldier died of pride
