

Going Nuclear

Miracle Of Sound

Wake up to the jive of the bell
No sweat now I'm feelin' swell
Well gee, golly it's a beautiful day!
Gonna burn my troubles away

I'm goin' nuclear
Light up the town!
The walls that hold me
Are melting down
I'm rising up like
A mushroom cloud
I'm going nuclear
Lightin' up this town!

Fire up now I'm havin' a blast
Cool kicks baby it's a gas!
The airwaves are a galaxy
All the stars are singin' to me

I'm goin' nuclear
Light up the town
The walls that hold me
Are melting down
The streets and sidewalks
Are my playground
I'm going nuclear
Lightin' up this town!

Hit the tubs, Jack!

Gee golly now!

I'm goin' nuclear
Light up the town
The walls that hold me
Are melting down
I'm rising up like
A mushroom cloud
I'm going nuclear
Lightin' up this town!
