

Here We Go Again

Miracle Of Sound

The promise of a wild will
We're living in a great big wide world
I wasn't made to sit still
Keep opening the gates
Inside our daring dreams
Ride out and glide
Driftwood on the streams
Swept out with the tide

Jaws of the earth won't drag me down
My feet they are firmest on new ground

Here we go again
Back on the road now
Drifters till the end
Keep moving on...
Here we go again
We ain't gonna slow down
Drifters till the end
Keep moving on...

Addicted to the wonder
It shouldn't have to hide in true hearts
I try to keep it under
It calls me like a siren
To the mysteries
Of distant lands
Secrets soon to be
Plunder in our hands

Fates we have found so hellbent, wild
Facing it down with reckless smiles

Here we go again
Back on the road now
Drifters till the end
Keep moving on...
Here we go again
We ain't gonna slow down
Drifters till the end
Keep moving on...

Oh we're gonna keep on driftin'...
